San Francisco, Ca. 94102

Dear Inspector Nyhan:

On behalf of the staff and students of Sunshine Orthopedic School, may I express our thanks to you for arranging the very exciting arrival of Santa Claus on an engine with stocks full of goodies for all to enjoy. The reactions of the children was definitely heart-warming and you and the volunteers of the San Francisco Fire Department should feel a great sense of satisfaction while contributing time and effort for the welfare of our students at Sunshine Orthopedic School.

The toys and "Merry-go-round" are being used already, much to the delight of our pre-school children. Please extend our thanks to the many volunteers who shared their time with our youngsters. Thank you again for your visit. Best wishes to you and your men for the New Year.

Sincerely,

/s/ Mr. Kaz Maruoka, Principal

Chief Keith P. Calden
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Chief Calden:

Once more men of your department have responded promptly to a request for aid in the rescue of an animal in distress. On December 26 we were told that a cat was on a narrow ledge next to the freeway at Folsom and 13th Streets. Deputy John Best responded, but was unable to reach the animal. He then called the Fire Department.

Units of Truck 7 and Engine 36 arrived quickly and put up a ladder. When the cat started to move along the ledge, a second ladder was put up to block it. Fireman Victor D'Orazi of Truck 7 sent up the ladder and brought down the cat.

Please convey our sincere thanks and appreciation to Fireman D'Orazi and Lt. Evald Lundgren and Firemen Ken Brodie and Jack Minkel of Truck 7, and to Firemen Raymond Moreno, and Edward Clark and Frank Lowe of Engine 36.

We are, believe me, deeply grateful for the unfailing cooperation and effective aid of your department in such cases. With best wishes for the New Year to you and all the members of your department.

Sincerely,

/s/ Charles W. Friedrichs
Executive Vice President

260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Chief Calden:

On December 31 the men of your department again aided one of our humane officers in the rescue of a living creature in distress.

This case was somewhat different. Humane Officer Don McFadden responded to a call from the State Harbor Police at the Ferry Building. He found a bird entangled in a fish line on the surface of the water off the foot of Mission Street. The San Francisco Fire Boat "Phoenix" took McFadden out to the bird which was a grebe. He freed it from the fish line, found it was unharmed, and released it. Please convey our sincere thanks and appreciation to Lt. Elbert Kimble, Firemen James O'Brien, James F. Monaghan, Peter Rich and William Jordan, and to Pilot Oscar Petterson and Engineer David Hardy. We are most grateful for their prompt and effective co-operation. With kindest personal regards,

Sincerely,

/s/ Charles M. Friedrichs
Executive Vice President.

Dear Chief Calden:

On December 10, 1973 my mother had a severe stroke in her home. She had such difficulty in breathing that we were afraid to wait for the doctor and so we called the fire department.

The gentlemen of Company 34 Engine on 41st Avenue and Geary responded so promptly and were so kind and helpful that I would like to express my thanks and appreciation to them and to the department for the wonderful service provided for the citizens of this city. I shall never forget the relief I felt when I heard the sirens barely three minutes after calling. The oxygen revived her before the doctor or the ambulance arrived. Will you please extend my deep gratitude to the gentlemen who helped us?

Sincerely,

/s/ Elizabeth M. Merry

Dear Chief Calden -

Last Tuesday morning I was horrified to find my basement flooded and the hot water tank broken. I called the fire department. They came immediately and proceeded to get the water shut off and out of the flooded area - so efficiently as well as so courteously and kindly - that I feel you should be informed. My gratitude knows no bounds!

Most gratefully yours,

January 15, 1974

Dear Sirs,

Are all firemen as friendly as the one on duty this past Sunday at the station on Howard next to Taylor and Ng? My son has spent all of his 5-1/2 years in South America and the only firemen he knows are the ones in his story books. And this fireman is surely a storybook fireman.

We are on vacation in the States; I was visiting my sister in San Francisco, and we were browsing in Taylor and Ng when our small sons discovered the fire station next door. My sister and I followed them over and I was explaining that they not touch anything when this smiling, personable fireman appeared and allowed my thrilled son and nephew to wear his hat and goggles, sit in the truck and ring the bell. He even held them up (carefully) to slide down part of the pole.

Every member of the family has heard a full report of this highlight of my son's trip to the U.S.A. You can imagine what he wants to be when he grows up! Please thank our fireman for a nice day.

Sincerely yours,

/s/ Barbra Wood & Winston

Dear Sirs:

I am writing this letter in the hope that you can forward it to the firemen who are stationed at Richmond District Firehouse on 12th Ave. near Geary. Thank you.

To The Guys at the 12th Ave Firehouse:

Many of you probably feel that the public has a distorted view of what you do, of what your job exactly is. And you're probably right. I have always liked fire in its proper place (like a fireplace), but uncontrolled, it scares the heck out of me. For the better part of my life, I've always lived within several blocks of your firehouse and knowing that you were close by always made me feel safer. I should have written this letter long ago, just thanking you for being there. If we (my family and I) ever had any trouble, I know you'd be there in a minute. I'm writing this letter as a humble apology too-on behalf of all younger people. I honestly didn't know how much trouble and injuries false alarms cause. I'm sure if other people knew, they wouldn't do it. I've never condoned it, but now I'll be specially against it. For your other "brethren" in the fire fighting business, that loathe the people-especially the younger ones-for pulling false alarms, tell them, and yourselves when you wonder what you're doing in the midst of a raging fire, choking on smoke and maybe getting burned - that someone does care. Me. I'm so afraid of fire and the misery it can cause and the terrible pain, that you will always be heroes to me. I have nothing but the utmost respect and gratitude for you. (If I can get up the courage, I'll take a stroll over to "your place" and tell you in person - one of these days!)

To the San Francisco Fire Dept -

I would like to thank the firemen of Engine 11, for saving my mother's life. On December 15, 1973 my mother had pneumonia and I didn't know that till the hospital informed me. My mother fell out of bed after becoming dizzy and was knocked out from the fall. I phoned for an ambulance first and when I went back to her bedroom she was turning blue. So, I phoned the fire department because the ambulance was taking too long. The firemen came first and they got my mother breathing by the time the ambulance showed up. Both parties were happy and I want to let you know I'm grateful. Thank you again. Her first words were "I'm so happy to be alive".

Sincerely,

/s/ Susan R. Van Winkle

Feb. 1, 1974

Chief of the S. F. Fire Department
260 Golden Gate Avenue
San Francisco, Calif.

Dear Sir:

On Tuesday January 8, 1974 it was necessary for me to call for the assistance of the Fire Department for my husband who was critically ill.

Lt. Tuillo Figueroa (Engine 10) arrived with other firemen and I cannot commend them highly enough for the excellent and proficient manner in which they handled the situation. They were efficient and calm and I am sure it is important to you to know that you have these kind of men on your staff.

Also, they called the ambulance for me and Mr. Lyle Geary (or Gary, I'm not sure of the spelling) gave my husband more medical attention. Again he too, I hold in highest esteem. I did not know where to direct a letter about his excellent assistance and hope you can direct the message for me. My husband expired a week later on January 15, which was inevitable because of his grave illness, but again I shall always be grateful.

Most sincerely

/s/Mrs. Nicholas Sturiale

Gentlemen:

I recommend for your approval the Supplemental Budget for fiscal year 1974/75 in the amount of \$121,305.

Of this total sum, \$84,507 is recommended for the reclassification of one position from H-30 Captain to H-50 Assistant Chief, the addition of three H-6 Investigators to implement a 40-hour work week and the mandatory fringe benefits and holidays costs associated with such permanent salary requests.

We need \$16,478 in our Contractual Services account to compensate for the increase in such areas as scavenger service, teletype service, laundry and towel service, increased medical expense for examination of new members, maintenance and repair of appliances, and a security system for Twin Peaks reservoir.

We require \$354 to obtain hose and blades to be used with our three Hurst power tools.

We need \$17,916 in our Equipment account to purchase and install radios which will provide direct contact with the State fire network, and a replacement camera for Photo 1.

Finally, we need \$2,050 for Meritorious Awards which reflects an increase in the number of members being honored for meritorious acts performed during 1973.

100

Gentlemen:

I would like to commend your staff of Engine 23 - Captain D. Conti, Fireman R. Farnsworth, Fireman, D. Alexander and Fireman L. Gelardi, for their prompt response to a call when my husband suffered a heart seizure on January 29, 1974. Thru their skill with artificial respiration they were able to save his life. It was very kind of them to wait until the County Ambulance came and the County Ambulance waited until our private ambulance came. Many thanks and gratitude from my husband and myself.

Dear Sirs:

May I commend Truck Company II for their promptness, courtesy and all around good will. We had a very minor incident happen at St. Philip School (Diamond and Elizabeth Streets) last Monday - February 4. We could not get our flags down at the end of the school day - so we called for help. These men just couldn't have been nicer than they were. I couldn't let this pass unnoticed nor "un"praised.

Chief Keith Calden, Fire Chief
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Sir:

I wish to write a letter of appreciation and commendation from the San Francisco Office of Stone & Webster Securities to the Departments of Fire and Police for the unusually prompt and high caliber response that we received from members of those two Departments.

On Monday, February 11th, one of our associates was suddenly stricken and needed prompt attention. We got in touch with the San Francisco Resuscitation Unit and within three or four minutes they arrived. The members who responded were Chief John Smith, Acting Lieutenant Richard Fall and a third member from District One, Truck 13. You can well believe me when I say they were a most reassuring sight. The Police Ambulance arrived and our associate was rushed to the San Francisco General Hospital.

Members of our office wish to thank most sincerely those who made the call and handled the situation so professionally.

Sincerely,

/s/ Harold J. Caldwell

Dear Sir:

I would like to take this opportunity to commend the men of Company #10 for their speed in responding to the recent fire at 308 Spruce and the swiftness they displayed in removing I and my two children from the upper unit. We were hopelessly trapped in the building. My only moments of panic were when I realized there was no exit and the telephones were dead. Because of the late hour I was afraid the neighbors would not become aware of our plight. I told the children to run to the front window and scream fire, which did immediately arouse the neighbors. Once I knew the S. F. Fire Department had been called I felt confident we were in no danger, for I was aware of the quick response they are nationally known for.

No one was injured and there was very little loss of property on my part by either fire or water damage. The very efficient men involved even rescued our kittens which I had been unable to reach due to the rapid accumulation of smoke throughout the house.

I had great esteem and admiration for the SFFD prior to this experience and I am happy to say I hold an even greater respect for them after this personal experience. I would appreciate it if you would relate my gratitude to the men involved in the response. Not only for their expertise in fighting the blaze but for the kindness and consideration shown towards I and the children in the midst of it all.

Sincerely,

/s/ Mrs. Mary Lou Templin

Chief of Department
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Chief Calden:

This letter is being written to thank the Fire Department for a kind service performed. My cousin, who was visiting us from Arizona is totally disabled. As there is a flight of stairs to our flat it was impossible to get him into the house. It was suggested that we contact the Fire Department and the fire station at 26th and Church Streets was called. They were called twice-once to bring him upstairs and then several days later to take him downstairs when they were leaving. They were all courteous and very considerate.

We sincerely appreciate the help-don't know how we would have managed without them. We wish to express our sincere gratitude and appreciation for their assistance.

Sincerely,

/s/ Mrs. L. Wilcox

Particularly do we wish to express appreciation for the courtesy and thoughtfulness displayed by them in pursuing their duties and their diplomatic handling of all of the "routed out" residents during their expeditious performance. Please let them all know of our sincere gratefulness for their understanding and performance. Warmest regards and best wishes.

Chief, San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Sir:

On Sunday, February 17, four members of your department were very helpful to me. A call was placed to the Fire Department about 5:00 PM to shut off the hot water in the apartment building where I live-1444 Seventh Avenue. The hot water pipe in the wall behind my bathroom sink had broken, and hot water was pouring down between the walls and into the garage below. The manager was not home to shut off the main hot water valve. Upon calling the Fire Department for help, the four firemen headed by a man named O'Connell promptly came, found the proper valve in the boiler room, and stopped the flood of hot water. The men were very competent and helpful, even though there was no fire. I don't know what station these four men are from. I wish I could better identify them to thank them. I am grateful they could come in an emergency situation where no fire was involved.

Sincerely yours,

/s/ Linda Stowing

Dear Fellows,

If I used all the adjectives listed in "Websters" I could never describe your efficiency, professionalism, and dedication you displayed this morning as I watched you perform your work. This short note is just meant to be a thank-you for probably saving my home and several adjoining structures. I know I'll be forever grateful to each and every one of you. Now I know why San Francisco Fire Dept. is rated tops in the U. S. Not wanting to sound "corny" I'll stop, but thanks again.

SAINT CECILIA RECTORY

San Francisco, Calif. 94116

February 20, 1974

Chief Keith Calden
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, Ca.

Dear Chief Calden:

On last Saturday morning, February 16th, at 8:50 AM, a Parishioner of Saint Cecilia's, Mrs. Louise Phipps, had a mild stroke in Saint Cecilia Church as she was waiting to attend the 9:00 AM Mass. Father Keven Gaffey, Assistant Pastor of Saint Cecilia Church, immediately phoned the Fire Department and within minutes the Fire Department arrived with the resuscitator and revived her. A few minutes later the City Ambulance came and took her to the Emergency Hospital.

May I, as the Pastor of Saint Cecilia Church, express to you and through you, to the members of the San Francisco Fire Department, my sincere and heartfelt thanks not only for your very efficient service but also for your kindness to our Parishioner, Mrs. Louise Phipps. She is now in St. Mary's Hospital being treated for a mild stroke. Mrs. Phipps is also the Mother of Father Charles Phipps, a Jesuit Priest. Praying upon you and all the members of the San Francisco Fire Department my priestly blessing, I am

Sincerely and gratefully yours,

/s/ Harold E. Collins
Reverend Monsignor

President Tham directed copies be sent to each Commissioner and filed for the record.

- H) Reported the following appointment in accordance with the provisions of Section 503 of the Rules and Regulations:

<u>H-10 Chief's Operator</u>	<u>Cert. No.</u>	<u>Effective Date</u>
John M. Johnstone	E-00048	March 3, 1974

Commissioner Bernstein moved and Commissioner Hunt seconded report of appointment be approved.
President Tham: So ordered.

- I) Reported Awards of Honorable Service rendered to the following members of the Department:

	<u>Retirement Date</u>
Battalion Chief Albert R. Latour	February 6, 1974
Battalion Chief William H. Lane	February 6, 1974
Lieutenant Francis T. Brissette	February 23, 1974
Fireman Mark C. Benson	February 8, 1974
John W. Menzel, Utility Plumber	February 1, 1974

Four of the above-mentioned members were present at the meeting to receive their Certificates. Chief Calden called each of them up in turn, congratulated them and introduced them to the members of the Commission. They extended their congratulations and best wishes to the retirees.

Mr. Leon Bruschera, Secretary of Local 798, was present at this meeting.

After a brief recess, the meeting was reconvened to hold a Preliminary Hearing in the matter of Fireman Ozell Austin, Unassigned, Engine Company 2, charged with violation of Section 3925 "Tardiness-Failure to report". Commissioner Tham asked Fireman Austin to step forward and the charge against him was read by Secretary Connors. Fireman Austin pleaded Guilty and indicated he would be willing to accept the decision of the Commission.

At this point, Commissioner Bernstein asked Fireman Austin whether he had consulted with an attorney or a member of the Union, pointing out that his plea of Guilty could possibly result in the loss of his job, since this was his second offense. Fireman Austin indicated he had not sought legal advice but had spoken briefly to Mr. Leon Bruschera, Secretary of the Union, who was present at the meeting. After some discussion, President Tham suggested that the hearing be recessed for about 5 minutes to allow Fireman Austin and Mr. Bruschera to confer privately regarding the guilty plea. When they returned to the meeting, Fireman Austin repeated his guilty plea and again said he was willing to accept the judgment of the Commission. The Commissioners indicated they would take the matter under advisement and render a decision shortly.

There being no further business to come before the Commission, the meeting was adjourned at 1035 hours.

Secretary

Dear Sir:

I am writing to thank the San Francisco Fire Department and specifically, Mr. Richard Dineen for his assistance in helping the U.S. Army Reserve provide facilities and instructional programs for local Boy Scout Troops. Today Mr. Dineen taught a very informative class in First Aid and artificial respiration to approximately fifty Boy Scouts and troop leaders. Mr. Dineen's presence was especially appreciated inasmuch as he relieved those of us in charge of the overall activity of the burden of handling this matter and was available to impart his special skills and training to the boys in these troops. In this instance the Boy Scout Troops that participated in the overnight exercise were Troop 329 of San Francisco and Troop 129 of Daly City. Again, my thanks to the San Francisco Fire Department and Mr. Dineen.

Dear Chief Calden,

May I express to you my appreciation for the kindness of the Captain and his assistants from the Portola Drive firehouse yesterday. An aged Iron flagpole leaned at a precarious angle after last Thursday's storm and I was afraid if it fell, it would be a disaster. I asked for advice with this problem and the gentlemen kindly lowered the pole for me. They were most courteous and I am very grateful.

Sincerely,

Dear Sir:

On Saturday, February 16, at about 9:30 pm one of my dinner guests suffered a heart attack. Upon calling your department four firemen quickly arrived from Stonestown Station. They administered first aid and had the patient transferred to S.F. General. My friends and I wish to compliment the team on their haste, attended by efficient and considerate action. They may have saved a life, but certainly saved the degree of heart damage.

The Honorable Chief
Fire Department
260 Golden Gate Avenue
San Francisco, Ca.

Honorable Sir:

I and my family wish to express our utmost sincere thanks to you and your Department for the most outstanding service rendered to your fellow San Franciscans by your officers and men, especially while other S.F.City employees are now on strike. A fire broke out in my living room this morning around 3:15 am due to defective wire. Within three to five minutes after my daughter phoned for help, the fire fighting soldiers are here to help. Thank God they are fast. Their actions are swift and efficient. They are the first class fire fighters of the world. Our salute to you and to them, Chief Carl and his squadron. Please put this down: if in the future you need any one to appear before the public to vouch for your excellent service, I would be glad to do it. Please relate my most sincere thanks to Chief Carl and his excellent fire fighters of the work.

Respectfully yours,

/s/ Robert C. Chang

P.S. I remember I met you several times in Chinatown's Chinese New Year dinners. You are a good public official. May God bless you and your fine Department.

NEW DALI HOTEL
34 Turk St.

San Francisco Fire Dept.
San Francisco, Ca.

Dear Sir:

On Wednesday March 13, 1974 Mr. George H. Aims suffered a fatal heart attack at the Dali Hotel at about 8 AM. In just a few minutes the Rescue Squad responded to a call and worked over him till he was transferred to the hospital. Mr. Aims was a very good friend of mine and I want to thank each and every one of you for your quick response and all you did to save him.

That is the second time I have had that experience. Once, to my family of five in Colorado. Again, I wish to thank you for what you did. It is a joy and pleasure to know that. People like you are always there when some one needs you. Again, my thanks. I remain,

Sincerely yours,

/s/ Mr. A. H. Thomas

Copy of the following letter was sent to Chief of Department Keith P. Calden:

William McInnes, S.J., President
University of San Francisco
San Francisco, Cal.

Dear Father McInnes:

We, the officers of Hayes-Healy Residence Hall, wish to express our sincere appreciation to the three dorm staffs, the night operations managers, the desk clerks, Bob Bailey, Pam Aliberti, Public Safety and the San Francisco Fire Department. A potentially tragic situation was prevented through unified efforts of these various resources. We feel their efficiency and cooperation were essential in containing and calming the situation; each one played an important role, and all worked together. It is our pleasure to inform you that through the generosity of the residents of Hayes-Healy a gift totaling approximately \$250.00 will be given to Tanya Broussard to help in the expenses of replacing her personal belongings. During this time, as everyone is working so closely together for a humane cause, the true spirit of community living is manifested in their continuous efforts.

Sincerely,

/s/ Jane Daughenbaugh, President, Colene Currie, 1st V. P., Helen Vu, 2nd V. P.
Susan Potter, Secy-Treas.

April 1, 1974

Honorable President and Members of the Fire Commission:

Gentlemen:

I respectfully request that you approve and submit to the Honorable Joseph L. Aliota, Mayor and the Board of Supervisors a Request for Supplemental Appropriation in the amount of \$19,500.

These funds are required for OE-Fuels and Lubricants.

The additional funds are necessary because of the substantial price increases for fuel and lubricants during the past six months, which were not anticipated at the beginning of this fiscal year. These funds are required in spite of our efforts to reduce the consumption. We anticipate that our consumption during the last 6 months of this fiscal year has been reduced by approximately 20%.

The following tables of information and related computations are submitted for reference.

<u>Fiscal Year</u>	<u>Budget</u>	<u>Cost</u>
1971/72	\$47,000	\$42,150
1972/73	47,600	44,976
1973/74	43,881 *	63,381 (est.)

* Spent \$25,600 for first six months.

Dear Sir:

Please accept our sincere thanks for the speed and efficiency of your Rescue Squad who came to the Hilton Hotel, Saturday March 23 (French Banquet) between 8:30 to 9:30 when Mr. Vignau was given treatment. (It was a digestive upset). Your men were so kind and considerate and most helpful, giving him oxygen, etc. We are most grateful!!

Fortunately his condition was not too serious which we learned later from the doctors at Harbor Emergency and French Hospital. As former natives of San Francisco, Mr. Vignau and I have appreciated the Fire Dept. You did many nice things for me - you were the only ones who picked up packages which I sent to the flood victims, etc. (I wrote the S.F. Examiner about that). Many, many thanks.

/s/ Ruth Vignau

Chief Keith Calden
San Francisco Fire Department
San Francisco, California

Dear Chief Calden:

I would like to thank you, your officers and firemen for the outstanding training and orientation our members recently received with your department. The opportunity to observe the equipment, tactics, and procedures used by your department will greatly assist us in handling the fire problems in our community.

Perhaps the most outstanding part of our visit was the attitude, enthusiasm, and professionalism exhibited by the officers and firemen of Station #1. They extended a very enthusiastic welcome to us, and went out of their way to make sure we were acquainted with department procedures both in the station and at the scene of emergencies. I don't believe I have ever seen a more professional group.

Again, thank you for your courtesy and cooperation in providing us with this training. I hope we will be able to visit your department again at a later date and expand our field of knowledge even further.

Sincerely yours,

/s/ Wesley L. Melo, Fire Chief

Chief, S.F. Fire Department
260 Golden Gate Avenue
San Francisco, Calif.

Dear Sir:

I would like to take this opportunity to extend my sincerest appreciation and to commend a few of your "Unsung Heroes."

On the evening of March 15, 1974, we had an emergency in our neighborhood, involving Mr. Ed Alvers, my neighbor and friend. A call was placed for the Fire Department Rescue Squad. Momentarily, Engine #32, Battalion #6, under the direction of Chief Brandi and Lt. Bruno, responded. These men immediately took over and with methodical perfection, relieved Mr. Alvers of any apprehension as to his condition.

Also, at your convenience, I would like to ask of you to relay my thanks and appreciation to the men of the ambulance company, who took Mr. Alvers to the emergency station. I was unable to get their names. Thank you again.

Yours sincerely,

/s/ John W. Booth

Chief Calden
San Francisco Fire Department

Dear Chief:

I was rescued by a team of fine young men from Engine 40. I was embarrassed by being locked out of my house last evening, March 28. I deeply appreciate their concern and the effort they put forth on my behalf. With friends like that how can we help but to be proud of our San Francisco Fire Department.

Sincerely,

/s/ Mary Issel

Dear Sir:

I would like to acknowledge the help given me by the firemen at the 32nd Avenue Sunset Station on Wednesday afternoon March 27 when they answered a call to Veldas Beauty Salon at 1741 Noriega St. for a leaking water pipe in the ceiling. The place was flooding and we were afraid of the water shorting out the overhead light fixtures. The men were prompt, courteous and thorough, even to cleaning out all the water and there was plenty. I have written to the Station also to thank them and just thought you might like to know that some of us do recognize and appreciate your efforts.

Sincerely,

/s/ Barbara DeGettis

Dear Battalion Chief Doyle:

This is a note to express my appreciation for the consideration shown me by the men of Engine 31, on the occasion of the fire Friday morning March 22 at 798 - 8th Avenue (The El Portal Apartments).

My apartment, No. 46, suffered considerable water damage, being directly in line with the penthouse of Apartment 56, scene of the blaze. It was a great relief to me when some of the men, once the fire was completely out, brought in a heavy-duty vacuum which sucked up most of the water pooled on the floors of the kitchen, bedroom, bath and several closets. This they did efficiently and in good humor. Please convey my thanks to those concerned.

Yours very truly,

/s/ Madeline Jacobsen

Dear Chief Calden:

For the Volunteer Staff of the Mission Alcoholic Center I wish to extend our thanks to Inspector Karl Wehren, who showed a film to the group on March 25th.

Not only was it an excellent film but Inspector Wehren's follow-up discussion and demonstration of fire extinguishers, etc., was most informative and helpful.

The program was sort of a double educational feature. Since we meet at the Vincenzian Villa, a senior housing project, the tenants were also invited to attend. Many of them understand little or no English. One of the MAC volunteers who speaks Spanish acted as interpreter. I would only add that your education program is an excellent service to the community. Again, many thanks.

Sincerely,

/s/ Zalia A. Kennedy, Coordinator

HARCOURT BRACE JOVANOVIICH FILMS

Chief Keith P. Calden
Fire Department Headquarters
260 Golden Gate Avenue
San Francisco, Calif. 94102

Dear Chief Calden:

We would like to thank you for your and the Fire Department's cooperation with us in the shooting of our social science film strip on March 20. We were directed to the fire station at Turk and Webster where everyone was most cordial and helpful to us. Mr. Rodriguez was there to meet us as planned and was very cooperative. We got some beautiful shots of the equipment and the men showing the children around. Ernie Aitkin did most of the demonstrations for the children and was the "star" of the filmstrip. We'll be sending colour prints to the men at the fire station.

As the person responsible for arranging this shooting date, and having a tight schedule besides, I'm very grateful for the ease with which our request went through and the wonderful cooperation we received. Firemen have become my heroes again. . . .

Sincerely,

/s/ Rachel Thompson
Filmstrip Director

Chief Keith Calden
Fire Department Headquarters
260 Golden Gate Avenue
San Francisco, California

Dear Chief Calden:

At approximately 4:00 A.M. on the morning of April 22, I received a telephone call from my mother who resides at 478 - 27th Avenue, that my father appeared to be having a heart attack. I immediately telephoned the hospital that my father is a member of and requested that an ambulance be sent to my parents residence. I then proceeded to their home.

Upon arrival at my parents home, I found my father to be having great difficulty in breathing, extremely pallid, and appeared to me to be near death. The ambulance from the hospital had not arrived. In desperation I requested assistance from the Fire Department. The response was magnificent! In what seemed to be no more than three or four minutes, Four firemen arrived at the house equipped with oxygen and immediately began to treat my father. They were followed almost immediately by a city ambulance whose two stewards assisted your men in administering to my father. All of these men remained with my father until the hospital ambulance arrived. He is now recovering nicely. I believe that he might easily have died had it not been for the prompt treatment received from your men.

I would like to compliment you on the efficiency and high degree of training and professionalism exhibited by your men. While I do not know the names of these men nor which station they responded from, if it is possible to locate them from your records of calls received, I would greatly appreciate it if you would pass my personal thanks and gratitude to them.

Sincerely,

/s/ Dorothy M. Campbell

May 2, 1974

Chief of Fire Department
260 Golden Gate Avenue
San Francisco, Calif.

Dear Sir:

I wish to thank your men who answered my plea for help all the way from Mountain View. On April 28th my sister, Terry Doctor, 2345 Laguna Street, San Francisco was in need of help. I phoned her and she was unable to talk as she had swallowed a piece of bread and cheese and it was lodged in her throat, unable to call for help on the telephone. Fortunately I was connected as she stressed her need for help. I immediately phoned the San Francisco Police Department and they called you. You responded immediately and called me back to reassure me my sister was alive.

The people of San Francisco must be very proud of the Fire Department. I want to express my appreciation and thanks to the men who answered my plea. I don't know the names of the men. Would you please inquire and thank them for me. I have written to the Police Department expressing my thanks. You will always be in my prayers. May God Bless and Protect you always. Abundance of good wishes.

Respectfully yours,

/s/ Annette Siladi

Dear Sir:

At about 6:10 yesterday (Sunday, the 12th of May) my wife and I were trapped in an elevator in an apartment block on Sacramento Street, San Francisco.

Our host, aware of our plight, called the Fire Department. Within a few minutes the Turk Street unit arrived, the door of the elevator promptly pried open and we were briskly removed from the elevator.

We would like to extend our thanks to the Turk Street crew, for their speedy assistance, and our admiration for their efficiency and courtesy, especially that of their very able leader.

Yours Sincerely,

/s/ Mr. & Mrs. R. Field

Dear Chief Calden,

On the afternoon of 20 May 74, at approximately 1735 hours, my wife discovered an electrical short in our home at 1328 Clayton Street, that caused quite a bit of smoke. My wife requested that a fire unit be sent to check for possible extension of any fire. The men from 12 Engine responded and checked thoroughly, setting my family at ease. Unfortunately, I did not obtain their names. I do wish to thank them on behalf of both my wife and myself.

Yours truly,

Gentlemen:

At about 10 AM on May 16th our home at 2505 Larkin Street caught fire on the roof and 3rd floor attic. The men from your station at Pacific and Van Ness responded immediately and were able to control the fire before extensive damages were suffered. I wish to strongly commend your men for the way in which they so efficiently handled the matter. The fire was controlled shortly after their arrival.

I wish also to thank them for the courteous manner in which they took care of my wife who is a semi-invalid and unable to walk alone. Again many thanks.

Sincerely

Fire Chief Keith Calden
Fire Department San Francisco

San Francisco, Ca. 94102

Dear Chief Calden:

I am writing to ask you to please extend my appreciation to the men of Station 38, 2150 California Street, for their kindness in assisting me the night of May 22nd. I had occasion to visit a patient at the Presbyterian Memorial Hospital on Buchanan Street. When my lady friend and I left the hospital, after several hours, I inadvertantly walked up the wrong street and could not find where my car was parked. As it was dusk and windy I did not deem it advisable to leave my friend standing on the street corner while I ran about to look for my car.

We had passed the Fire House on California Street, so I thought it was a wise idea to ask the firemen if they would mind looking after my friend while I continued my search. They were most kind and gracious and said they would be very glad to have her wait there with them. That left me free to go on my way without any worry as to her well-being, for which I was very grateful. She is an older woman and I did not wish to have her walking slowly up one block and down another, in the wind and at that time of evening. My thanks to Chief Edwin M. O'Donnell for his thoughtfulness when he had been told of the situation. He deemed it advisable to try to follow me to see how I made out and I do commend him for his good judgment.

You cannot imagine how happy I was to find that your Fire Stations truly are oases in the desert! The men were so friendly and willing to help. I know this must seem like a little incident to you, but to me it was something wonderful and made me feel very safe. It is the 'little' things in life that count. I am a native San Franciscan and have always felt we owe so much to the members of our Fire Department. My thanks to them for their great understanding and courtesy.

Very truly yours,

/c/Mrs. Marguerite Dunstan

Chief Keith Calden
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, Ca. 94110

Dear Chief Calden:

Recently we had an emergency situation at MAC. A young woman was brought into the Center from the street. Not only was she in a highly intoxicated condition, but she was having severe breathing problems and was incoherent. We learned she was an asthmatic. Recognizing that she needed professional help, the volunteers on duty called the Fire Department. Engine Company #7 responded to our call within five minutes and took over until the ambulance arrived.

It is more reassuring to the MAC Volunteer Staff to know that this kind of assistance is available to us, in a matter of minutes. For the MAC volunteers, many thanks.

Sincerely,

/s/ Zalia Kennedy

3. Matters Represented:

Secretary Connors read the following communication:

Honorable President and
 Members of the Fire Commission

June 7, 1974

Gentlemen:

I respectfully request that you approve and submit to the Honorable Joseph L. Alioto, Mayor, and the Board of Supervisors, a Request for Supplemental Appropriation in the amount of \$9,500.

These funds are required for the purchase of eleven (11) handie-talkie emergency radios, batteries and necessary chargers.

It is necessary to request these funds because of several thefts of handie-talkie radios under circumstances not controllable by the Fire Department. The following is a list of the stolen handie-talkie radios showing serial numbers and date of thefts:

<u>S.F.F.D. No.</u>	<u>Purchaser's No.</u>	<u>Date of Theft</u>
3	AJ 551 N	May 5, 1974
8	AJ 556 N	"
18	AJ 566 N	"
19	AJ 567 N	"
32	AJ 581 N	"
43	CJ 2000	"
53	CJ 2100	"
13	AJ 561 N	Nov. 18, 1972
23	AJ 571 N	"
51	CJ 2080	May 16, 1969
33	AJ 582 N	Aug. 10, 1968

The San Francisco Police Department has investigated the thefts and the serial numbers are on record. At the present time, information is not available as to possible return nor is the identity of the civilians responsible for the occurrences.

Until the recent burglary of the Radio Division, Department of Electricity, that resulted in the latest theft of seven of our radios, the Fire Department managed to operate short four handie-talkies. However, we are now minus eleven that are vitally needed for replacement service. This fact makes it imperative that the funding be requested.

Sincerely,

/s/ Joseph P. Daly
Acting Chief of Department

To the Chief of San Francisco Fire Department: Regarding Bud LaGrave, Station 9

On the night of May 15th, 1974, I was tending bar at the Question Mark Club. While eating a steak sandwich I started to choke on a piece of meat. An off-duty fireman (Bud LaGrave, Station 9) came behind the bar, picked me up, had me lean over a bar stool, called for an ambulance, hit me three times on the back, and dislodged a piece of meat. I am grateful for my life, and am thankful that the men in the San Francisco Fire Department know their job.

Sincerely yours,

/s/ Al Caputa

Dear Chief Calden:

On May 15, 16, and 17 the students at Sunshine School for Orthopedically Handicapped Children were able to participate in their first trout fishing excursion to Lake Merced. A considerable amount of time, expense, and care was required to enable the handicapped students to have a safe, but enjoyable excursion.

Through the generous contributions of interest, time, money, enthusiasm, and work by members of your Department, our trip would have suffered in many areas. May I thank you for the fine performance of the following individuals or groups: Chief Sangiacomo, volunteers from FLAME, members of the Firefighters' Union, and the SCUBA rescue team. Their assistance was gratefully received. Again, our thank you for all the help we received.

Sincerely,

/s/ Marilyn Greenlaw

Chief, Fire Department
260 Golden Gate Avenue
San Francisco, Calif.

Sir:

On Thursday, May 30, we visited the San Francisco Mint with the 3rd grade class from San Antonio School. We arrived a little early and while waiting for the Mint to open we noticed the hook and ladder truck in front of Station No. 1. The children were fascinated. Several of the firemen who were standing in front of the station came over and offered to demonstrate the use of their truck. They proceeded to show us an extremely interesting half hour demonstrating the capabilities of the hook and ladder truck.

I would like to offer my thanks and those of the 3rd grade class as well as the adults who accompanied us for the willingness of your firemen to explain their equipment with so much feeling for small children and with such cheerfulness. If we had scheduled a trip to the station our reception could not have been any warmer. Thank you again and please thank the men at Station No. 1 for their courtesy and their attention.

Sincerely,

/s/ James D. Marsh
Principal

Commissioner Bernstein moved and Commissioner Hunt seconded report of Acting Chief of Department be approved.
President Tham: So ordered.

A Preliminary Hearing was scheduled in the matter of Fireman Michael Helgeson for Violation of Section 3925 "TARDINESS-Failure to Report". President Tham asked Fireman Helgeson to step forward and Secretary Connors read the details of the charge against him. When he was asked how he pleaded, his attorney, George Martinez conferred with Fireman Helgeson and then stated that his client didn't wish to resist the facts and pleaded guilty to the charge. There was a brief discussion between counsel and the Commission as to the difference between "Tardiness" and "Failure to Report".

Commissioner Bernstein asked Fireman Helgeson, through counsel, if he had any statement to make in mitigation. Fireman Helgeson replied in the negative.

President Tham then stated that the matter would be taken under advisement and a decision rendered shortly.

Mr. James T. Ferguson, president of Local 798 was present at this meeting.

There being no further business to come before the Commission the meeting was adjourned at 10:30 AM.

CHAPTER I

THE HISTORY OF THE

REPUBLIC OF THE UNITED STATES

The history of the Republic of the United States is a story of the growth of a nation from a small colony to a great power. It is a story of the struggles of the people for freedom and justice, and of the triumphs of the American spirit.

THE EARLY YEARS

The first settlers of the United States were the Pilgrims, who came to the New World in 1620. They were followed by the Puritans, who came in 1630. The early years of the Republic were marked by the struggles of the people for freedom and justice.

THE REVOLUTIONARY WAR

The Revolutionary War was fought between the American colonies and Great Britain. It was a war for independence, and it was won by the American people.

The war was fought from 1775 to 1783. It was a war of the people, and it was won by the people.

The war was a struggle for freedom and justice. It was a struggle for the rights of the people, and it was won by the people.

THE CONSTITUTION

The Constitution is the foundation of the Republic. It is the law of the land, and it is the will of the people.

The Constitution was written in 1787. It was a document of the people, and it was written for the people.

THE UNION

The Union is the strength of the Republic. It is the bond that holds the people together, and it is the source of our power.

The Union was formed in 1789. It was a union of the people, and it was formed for the people.

The Union is a source of strength and power. It is a source of unity and harmony, and it is a source of peace and justice.

The Union is a source of pride and honor. It is a source of glory and fame, and it is a source of respect and admiration.

in our building which gutted another apartment. Although your men responded with the amazing speed and extreme efficiency which seems to be the hallmark of the San Francisco Fire Department, that is not what prompted us to write this letter. The unmitigated concern, courtesy and patience shown by your men to us and the other residents of this building warrant some type of "thanks". During the height of their work your men very graciously asked us to vacate the premises, helped us outside, and although it was extremely inconvenient performed such chores as finding lost kittens, lost jewelry, and even retrieved some lost teeth for an elderly woman. I assure you we were all very impressed at the caliber of men that make up the Fire Department.

In recent years when it seems that most public employees (policemen and Muni drivers in particular) are becoming ruder and more callous very day, It is indeed comforting to know that at least the Fire Department is attuned to the needs of the people it protects and serves. We thank you.

Very truly yours,

Re: Cabbie L. Clements, Jr., vs. City and County
of San Francisco; Superior Court No. 604-565

Dear Chief Calden:

I am writing this letter to inform you of the outstanding cooperation rendered to my office in the defense of the City and County of San Francisco and Police Officer Thomas Burns in the above-entitled matter. Captain James Olson, Captain Roland J. Atkins and Fireman Jerry Mifsud are the three members of your department concerned. Their cooperation in giving freely of their own time to me in the preparation of the defense of this case enabled me to prepare such an airtight defense that the plaintiff was forced to settle the case at the mere nuisance value of \$350.00.

Plaintiff had been seeking \$50,000.00 general damages and \$100,000 punitive damages against Police Officer Thomas Burns for an arrest of the plaintiff which took place on November 24, 1968. At that time these fireman responded to the area of 7th & Folsom Streets and extinguished a fire in the plaintiff's automobile and observed the conduct of the police officers in making the arrest and the conduct of the plaintiff in resisting the arrest. Their testimony was of critical importance in dissuading the plaintiff from continuing with this unmeritorious lawsuit.

Their conduct, demeanor and professional attitude are a credit to your Department, and it is in the spirit of recognizing their contribution that I request that a copy of this letter be made a permanent part of their records. Again, thank you very much for the Fire Department's cooperation in this matter.

Very truly yours,

Chief Keith Calden
San Francisco Fire Department

Dear Sir:

As I am seventy years old, and had never experienced a fire in my life, I had no idea what as fine and efficient a group of men as those under your jurisdiction can be. Sadly, I guess, it takes loss and experience for human beings to become fully aware and appreciative. Ever since Saturday, when there was a small fire on the side of a flat I rent, I have heard the Fire Engines go by with a wholly difference in respect and awareness.

As I was not at home, the men had to break in. They did so with minimum damage and set to work. By the time I had arrived, for I was not far away, they had it under control and yet still other trucks and engines continued to come. Of course they had to pull down part of the ceiling and chop in to the roof but they had moved my beautiful treasures all to one side. Nothing was lost. When it was over they cleaned up the whole mess, with such good will, hung plastic at doors and window, carried the mess to the street and neatly put away all that equipment.

I am speaking of the men on Engine #37, Engine #29 and those under Mr. George Ayoob. Truck #9 and Engine #9. Sir, I know you are proud of these men. I have heard of the marvelous S. F. Fire Department as far away as Europe and now I have experienced and been made personally grateful for it. I am glad that over the years I have always voted in its behalf.

Sincerely,

/s/ Mrs. Edward G. Vandevere

P. S. Sir! A few of the men stopped next day to see that I was OK. Nice?!!

Chief, San Francisco Fire Department
San Francisco, Calif.

Dear Sir:

On April 2, 1974, while visiting my son who lives at 210 Lake Street, San Francisco, I became ill and developed a breathing problem. When an ambulance from the hospital did not arrive, my husband called the nearest fire

department. The men were there in minutes and were indeed "angels of mercy." These men were kind, gentle, courteous and efficient. They did everything they could to help until the ambulance arrived. My family and I are deeply grateful to them and I wish I could thank them personally. Please deliver the enclosed copy of this letter to the men at the fire station nearest to 210 Lake St. To the men at that station -- thank you.

Yours truly,

/s/ Mrs. H.W.Briscoe

Chief Keith Calden
Fire Department
260 Golden Gate Ave.
San Francisco, Ca. 94102

Dear Chief Calden:

I am writing to you to report the extraordinary courtesy extended to me by Lieutenant Tom Moran and Fireman Alex King of the Folsom Street Station. On Saturday, May 25, 1974 I suddenly realized from the odor that my gas tank had a serious leak. As a result of the leak I was obviously concerned about my safety and the safety of others. I telephoned and Lieutenant Moran and his crew responded within minutes.

They immediately siphoned out gas and flushed it down a sewer until the leak stopped. Although the problem then seemed to have been solved, the tank started leaking again. This time I drove over to the Folsom Street Station to seek further help. They again were most cooperative. Alex King crawled under the car and despite the gas leaking in his face plugged up the leak in the tank and thereby solved my problem until permanent repairs could be made.

I was most impressed by their courtesy and cooperation and am assuming that you like to hear favorable reports on the service rendered by your department.

Sincerely yours,

/s/ Theodore P. Lambros

Dear Sir,

I think the wonderful firemen who came so swiftly to my aid when Mr. Crowder suffered a very severe heart attack would like to know their efforts were successful. This happened after 8 PM (don't know the exact time as I never even thought of the time) at 271 Madrid Street. Please thank them for me. Mr. Crowder is now alive due to the wonderful team work of all.

Very sincerely,

/s/ Mrs. Crowder

The men who came to put out the fire on Levant Street at about 4 AM this day were really heroic! They stood on a blazing roof and put out the fire, always in great danger to themselves it seemed to me. Ole' and Bravo and good health to them all!

Sincerely,

3320 Octavia #2
June 27, 1974

Chief, Fire Dept.

Dear Sir,

There was a fire in this building, 3320 Octavia, on Monday evening, the 17th. I was watching television and heard the engines but didn't think to get up and look. After awhile I thought it was sure stupid of me not to show a little interest in what happens in the neighborhood. Imagine my shock to see firemen coming in THIS building! Well, since the danger was passed, I just stood in the hallway and watched the men working, and I must say that they have teamwork and cooperation and a dozen other well trained methods to accompany, because I have never seen any group work as stupendously well. It was beautiful! There was some surprise when I went up to look at the apartment that had been burnt, and I found the firemen hadn't dug holes in

the walls although they had been smoked up a bit, because I had always heard that they did. And also, I was impressed with the way they cleaned up afterwards; I had never heard of that before. Just goes to prove that people never tell the good things the firemen do, but only of the mess and unnecessary damage. But you should hear me now! When they say anything against the fire department, I tell them they are nuts! If it is something good, then I add my nine-bucks worth! Kindly tell the crew what I have said of them, for I told one of them that I would write to you about it.

Sincerely,

Dear Chief Calden:

On behalf of the San Francisco Special Olympics we would like to express our appreciation for your support and contributions for a most successful event.

We would like to take this opportunity to express our sincere appreciation to Tom McDonough, Roger Bros, members of Flame and the scuba diving team who contributed to the wonderful success of this program. The many wonderful volunteers of Flame, their enthusiasm and many hours of devotion toward training participants and involvement on the day of the meet were most valuable assets toward a successful Special Olympics.

We feel that both Mr. McDonough and Mr. Bros with their high enthusiasm and energy, along with their many contributions and community resources were a tremendous asset toward a successful Olympics in San Francisco.

We look forward to working with you all in our 1975 Special Olympics.

Very truly yours,

San Francisco, CA. 94102

Dear Chief Calden:

E. I want to thank you very much on behalf of the San Francisco Chronicle for all your help in making the Fireworks Program such a pleasant success on the Fourth of July. As usual, there was a huge crowd at Candlestick to celebrate Independence Day and they all seemed to enjoy the evening.

This traditional show would not be possible without the generous and efficient cooperation of many city departments. It was a fine patriotic party for all the people of San Francisco and the Chronicle is very grateful for your assistance.

I especially want to commend Lieutenant Steve Cronin for his professional skill. He handled all potential hazards so that it gave us a great feeling of confidence.

Sincerely,

I feel strongly compelled to write this letter in order to tell you what wonderful and considerate men came out to the house to extend their help. I would say they are some of the beautiful people we have here in San Francisco.

My whole family joins me in saying thanks to these wonderful men.

San Francisco Fire Department
To the Fire Commissioner
260 Golden Gate Avenue
San Francisco, California

Dear Sir:

We would like to commend one of your inspectors for exceptionally outstanding public service. Inspector Norman Silva, Badge 5 responded to our complaint about a very extensive fire hazard in the back area of a commercial building on Union Street in which we rent space. We had unsuccessfully requested the landlord to clear the staircase of debris and stacked panes of glass which totally prohibited exit, a number of times.

Inspector Silva promptly talked with the landlord with the result that the yard has been cleared of what was a severe potential fire hazard, and we are extremely grateful to him.

Furthermore I would like to add that Inspector Silva was extremely courteous and gave us an excellent impression of the San Francisco Fire Department's efficiency and public spiritedness. I think such an excellent City employee should be fully commended.

Very sincerely yours,

/s/ Douglas J. McDonald

Dear Sir:

I am living on Pixley Street across the back of the Greenwich Street Fire Station.

Last night there was quite a fire across the street from me, and I would like very much to commend our firemen who are so dedicated and prompt in arriving and extinguishing the fire. They worked so hard and their presence and ability gave a feeling of security after having been afraid when I saw the flames shooting up.

Having them around there gave me confidence to return to sleep. When I left for work this morning they were still working, clearing up. Even though they must have been very tired I saw the same persons working as I saw at night. They are very considerate and careful to protect personal property.

I am sure that my neighbors will join me in praising our firemen, the best neighbors we can have.

Sincerely

/s/ Ruth Cal'mann

July 19, 1974

Dear Lieut. Rose -

Somewhat belatedly but no less sincerely, let me convey to the Fire Department my very special thanks for its great efforts to save my cottage at 69 Levant on July 1. Your men were really a most welcome sight to everyone on the block, for the fire, which must have been smoldering since midnight, had reached a major size when it was discovered at 4 AM. Many of us wondered if our neighbors apts would not also go up in flames. Please convey to those concerned not only mine but Levant St. residents our deep appreciation. Please thank especially the man who brought down from the roof, my weather vane.

Sincerely,

/s/ Molly Owen

Dear Chief Calden:

I would like to commend the wonderful help I received from Station 14, 561-26 Avenue; they showed up with oxygen and were so helpful to me. My husband was a retired disabled Eng'r at DeYoung Museum and saved the lives of many men when Hearst donated the Spanish Cathedral - the hoist broke loose and he was the last to jump. It was never erected. He had cancer all through his system. I want you to know you have a wonderful staff of men. I'll campaign for every raise they deserve.

Sincerely,

/s/ Mrs. Geo. H. Sullaway

Keith P. Calden,
Chief, S. F. Fire Dept.

Dear Chief Calden,

Last evening I had the opportunity to see S. F. firemen in action during the fire at 1050 Franklin, Apt. 305. My apartment is in the other (SE) corner of the rear of the building so one of the men had to lead me through the dense smoke to the stair well. I wish to commend these men not only for speed with which they put out the fire, which had quite a start, as I understand before they were even notified, but also for their consideration of the tenants. They are a fine group of men, and we all should be very proud of them. We are fortunate in San Francisco. With highest regard for your excellent department,

/s/ Mrs. Dorothy E. Becker

Dear Chief Calden:

Yesterday this Office's transportation assistance program sponsored a tour of San Francisco for young people from the Community Baptist Church. Among the group's stopping off points was the Fire Department Museum at Station 10. Captain William Britt prepared for the group's visit, and Firemen James Stephens was its host. Their ready courtesies made this visit the highlight of the tour. And, to be sure, the Fire Department Museum had no mean competition from all the storied points of interest our City has to offer.

The young people were thoroughly taken up by the museum's displays, especially the horse-drawn pumpers and the photographs of raging fires. When one short fellow was lifted to see a panorama of the wasteland that was San Francisco after the Great Fire of '06, he simply stared open-mouthed. I should mention that the adults accompanying the group found all this most interesting, too.

Included was the Pastor of the Community Baptist and former Library Commissioner, Reverence William Turner.

The group asked to see new fire apparatus, and Fireman Stephens obliged, describing the functions of the different pieces of equipment. In answer to what must be an eternal question from young people, he even showed how the men slide down a pole. Before the young people left, Fireman Stephens talked to them about the great harm which comes from turning in false alarms.

Reboarding the tour bus, one youngster said, "I know what I'm going to be -- a fireman!"

Please convey our thanks to Captain Britt and Fireman Stephens.

Sincerely,

/s/ Donald Casper
Director, Transportation

Dear Chief, Calden,

On July 6, 1974 at approximately 6 AM, one of your emergency squads answered a call at my home at 722-44th Avenue, San Francisco.

I would like to take this opportunity to thank you and the men of that squad for their quick response and professional ability in administering to my mother who had suffered a stroke. Unfortunately mother passed away five days later but it makes one feel a lot better to know that at least your department gives a fighting chance if they have one. Please convey my thanks and appreciation to all members of that squad. Thank you.

Sincerely yours,

Director Earl Gage,
Community Relations
San Francisco, Fire Dept.

Dear Director Gage,

I would like to take this opportunity to express my appreciation in writing for your visit and very fine talk on the San Francisco Fire Department to my Civics-San Francisco History class at George Washington High School last June.

I regret that I have not written sooner, but I was traveling for a month soon after school ended, and am just now getting back in to the "swing" of things.

I am confident that the students benefitted greatly from the insider's viewpoint on the Fire Department, its hiring policies, and its problems. It is really very seldom that high school students ever have any educational contact with an official of the Fire Department other than on the subject of fire prevention and safety. I would hope that at some future date you would be available for other such informative talks and discussions. Once again, thank you for your effort and time out of a busy schedule to visit this class.

Most sincerely,

/s/ Joel H. Springer III

Fire Chief Keith Calden
S. F. Fire Dept.
San Francisco, Calif.

Dear Chief Calden:

May I, through you, commend and thank those men of the S. F. Fire Department who so quickly, effectively and courteously responded to a call on the

evening of July 28 at 1050 Franklin St., where I reside. Since I occupy the apartment next to the one in which the fire was centered, I was deeply concerned for the safety of my belongings, should the fire spread. Due to the quick action of the men, the fire was quickly brought under control. My belongings damaged only by smoke and soot, though rugs, draps, clothing and upholstered furniture must be cleaned, I am thankful that more extensive damage was avoided. Orchids to you and your wonderfully trained men. San Franciscans can well be proud of their firemen. With kindest regards to you and your men, I am gratefully,

San Francisco, Calif.

Dear Sir:

I would like to express my gratitude in your prompt response to a grease fire in our building, 1620 Mason Street on August 13, 1974 about 6:30 PM. Your men succeeded in extinguishing the flames with no damage and they were most helpful in calming the hysterical tenants. They proved a credit to the Fire Department, raising everyone's spirits and doing their job well. I just wanted to let you know that their actions were greatly appreciated. I feel they should not go unthanked.

Sincerely,

/s/ Poy C. Tong

3. Matters Represented:

Secretary Connors read the following communication from Chief of Department:

August 26, 1974

Honorable President and Members of the Fire Commission

Gentlemen:

I respectfully request that you approve and submit to the Honorable Joseph L. Alioto, Mayor, and the Board of Supervisors, a Request for Supplemental Appropriation for \$33,000.

These funds will be applied to appropriation 4.145.219.000 - Maintenance and Repair of Equipment-Firehouses, which is administered by General Superintendent, Central Shops (Purchaser).

In the past few years, the 216 account was used to support deficits in the 219 accounts. But the decreasing amounts funded in the 216 account from fiscal year 1971-72 to 1974-75 made it impossible to generate any surplus to transfer to the 219 accounts. In 1973-74, we received a supplement appropriation of \$26,000 to replenish the 219 account.

Historically, the 219 account was used to support our Materials and Supplies Account. However, for fiscal year 1974-75, three new budget lines were added to our Materials and Supplies, totalling \$7,800; thus taking some pressure off the 219 account.

According to the General Superintendent, Central Shops, the deficits in our 219 have been:

1971-72 - \$33,000
1972-73 - 35,000
1973-74 - 37,000
1974-75 - 40,800 (est.)

Very truly yours,

/s/ Keith P. Calden

SAN FRANCISCO MUNICIPAL RAILWAY

Chief Keith Calden
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Chief Calden:

I have attached a report from one of our Inspectors commending Battalion Chief J. Smith for his most efficient and helpful handling of a situation involving our cable car system on Hyde Street from Chestnut to Bay on Saturday, 17 August, 1974.

While we have always received the utmost in cooperation from members of your department in getting our equipment through the scene of a fire, we thought it appropriate to bring this situation to your attention, since it was something a little out of the ordinary. Battalion Chief Smith through his cooperation provided a service not only to MUNI itself but to all the people riding our cable cars that day, since calling in our men would have taken much more time. Please forward our most sincere thanks to Battalion Chief Smith for his cooperation.

Sincerely yours,

/s/ Art Curtis
Chief Inspector (Acting)

The meeting was recessed for a short period of time and reconvened at 1030 hours in order to hold a Preliminary Hearing in the matter of charges against Fireman Earl G. Stewart and Fireman Richard A. Cappa.

Mr. Choppelas waived a Formal Hearing on the Not Guilty pleas, requesting that the Commission review the departmental reports leading up to the charges, and furthermore that he, Attorney Choppelas, would submit a letter explaining his reasons why Fireman Stewart should be found Not Guilty on the charges of Insubordination and Disobedience.

President Tham granted this request and stated that the Commission would take this matter under submission pending receipt of the attorney's letter.

1307 - 12th Avenue
San Francisco, 94122

Sirs: - This is a copy of a letter to Firemen Keegan & Ahern of Engine 15 and I
wanted you to know this about the men in your ranks - - -
Dear Firemen Keegan & Ahern,

I would like to tell you how much I really appreciated your kind assistance and
support on the night of Sept. 4. It may have meant even more than the sympathies
of my family to have two strangers help me when I needed it.

I had always thought that being in an auto accident would be a terribly humiliat-
ing experience but instead I was led from the cold and to a warm reassuring cup
of tea. That seemed to be the bright spot of the whole event. At this moment
it is 12:58 am and I am still rather keyed up but I feel better knowing that I
have written this note. It was the one thing of this evening I didn't want to
forget.

Many thanks

/s/ Anne Bennett

Keith P. Calden, Fire Chief
260 Golden Gate Avenue
San Francisco, Ca.

Dear Chief Calden:

Yesterday (Sunday, September 22) my boy was trapped in an elevator at 605 Market Street (about 3:00 PM). The building wasn't operative, so we had to call the fire department which responded immediately. Please accept my thanks to your department and favorable remark on the efficiency and knowledgability of your responding personnel. They certainly knew what they were doing, and came equipped, and in short order.

Unfortunately, I do not know the names of the officers involved, as I should like to thank them again, personally. I should like for them, and you, to know that their quiet efficiency does not pass unnoticed.

Cordiannly,

/s/ Joseph L. Bortin

September 26, 1974

Dear Captain,

A note of thanks to one of your units who responded so promptly and with such expertise to my Mom's plea for help. On Monday, September 16, 1974, my father blacked out at 8:55 AM. She had an emergency call to the fire department at nine o'clock A.M. Your men attempted to resuscitate him and had him at Mission Emergency at 9:15 AM.

His heart had stopped beating and he had stopped breathing for fifteen minutes. Due to your department's service and the hospital's spontaneous response, Dad is coming home today alive and well.

Yours very tratefully

/c/ Joan Flannigan

Attention Fire Chief Calden:

Dear Sir:

On the night of Sept. 30, 1974 my husband and I drove our 1965 Chrysler Imperial Sedan to Engine House #39 located at 1091 Portola Drive because the electric front seat of the car had a smoldering fire in it. This was caused by the electric motor shorting out that is under that seat and which operates that seat. Lieut. Eugene D. Hoaglund and his fine crew of men got the fire out and saved our car. They also took us into the Firehouse to get warm and gave us each a cup of coffee. We are sincerely grateful that you have these fine men to protect us in cases of Fire.

Sincerely,

/s/ Mr. & Mrs. A. G. Maillard
2190 - 26th Avenue, S. F.

Chief of Fire Department
260 Golden Gate Avenue, S. F.

Dear Sir:

Due to the serious illness of my husband who is still in the hospital, I'm sorry to be late with this letter. On September 13 my husband Gaspar Castell, 246 Rolph Street, a stroke victim, fell in the bathroom against the door. We called the fire department who arrived in minutes. They had to go through the bathroom window to get him up from the floor. After the ambulance attendants arrived, they helped to get him into bed. They were very helpful and kind. I am very grateful to you all.

Sincerely,

/s/ Mrs. Candida Castell

K. Calden, Fire Chief
260 Golden Gate Avenue
San Francisco, Ca.

Dear Chief:

I want to commend the efficiency of your department in responding today to an emergency (minor to you but major to me). My wife and I are both in our 70's. She is in delicate health with a heart condition. This noon she felt well enough to leave her bed and walk around the block with me in the sun. I changed my trousers, leaving my house keys in the old pocket, and did not discover my error until we returned home about noon. Not knowing what to do, I left her with a neighbor and called your department.

Within minutes a squad responded and via a ladder to an open window in our second story flat gained access. I am most grateful. I thank your personnel for their promptness, kindness and resourcefulness. Also for their generosity in discounting my stupidity with the comment "it's part of our job".

I had the privilege of serving on the fire committee of the 1968 County Grand Jury when William Murray was chief. I have just re-read the report which was complimentary, but if writing it today I would be even more emphatic. Thanks again for meeting a minor crisis, which might have been serious except for your promptness.

Yours truly,

/s/ George M. Foster

Chief Keith Calden
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Chief Calden:

I am writing a short letter of appreciation for the quick and efficient work of Inspectors James King and John Driscoll.

Several months ago I telephoned Inspector King about what I thought was a very dangerous fire condition at the house next to mine. A large number of paper cartons apparently containing hair-wigs from Korea were being stored in the house for business purposes. I live in a residential area and this was now becoming a warehouse area. At any rate, Inspectors King and Driscoll, despite a very busy schedule at the time I called, pursued the case with excellence and now all the dangerous material has been removed. In conclusion, I want to put in a good word for these two men in your department. Their promptness and efficiency is most gratifying to a native San Franciscan.

Very truly yours,

/s/ John P. Devine

To Whom It May Concern:

On October 5th, Captain Brophy and his crew at the Buckingham Way Firehouse allowed a group of children and myself to tour their firehouse. The tour was super and the children were impressed. I want to express my thanks to them, and to Lt. Cotter of that firehouse for arranging the tour for us. It was a valuable experience for us all.

Sincerely,

/s/ Mary C. Barbachano

Dear Chief Calden:

On Thursday night, October 3, my husband had a massive coronary at the S. F. Airport. He lost consciousness and was in cardiac arrest. Within minutes the airport fire department's Rescue Unit 3 was there, gave him artificial respiration, oxygen and continued working on him in the ambulance to Peninsula Hospital. I know he stopped breathing several times, but those men wouldn't give up on him. Everyone, doctors, nurses and our family, agree that he would be dead (at 49) if it were not for that crew. In addition, the two men who responded, Ted Debray and Bill Downing were most considerate of my daughter and me. We felt that they really cared about saving my husband's life.

My husband is making an excellent recovery and before too long he will be able to go down and thank the men personally. We will always be grateful to them and I wanted you to know what a great crew they are.

Gratefully,

Dear Firemen - Department Ext. 310:

Thank you very much for all the help you gave us. We appreciate all you did for us. We called the man, the proprietor of the motorcycle at 3662 Mission Street, Apt. 202, and he said that he had no place to put it. But then he changed his mind when we went to the storage room and smelled the strong odor of gasoline - during the daytime Thursday, the 10th to "remove". We do appreciate the helpful support you gave.

Cordially,

/s/ Mrs. Marie Vaccaro

Gentlemen:

On October 2nd we were guests at the Sheraton Palace. The efficiency with which your department handled the results of the bomb explosion was so outstanding that I felt compelled to write this letter.

The absence of confusion and panic was due, I feel, to the calm, organized way you men brought things under control. The citizens of San Francisco have every reason to be very proud of their fire department.

SHRINERS HOSPITAL FOR CRIPPLED CHILDREN
1701 - 19th Avenue

Honorable Joseph L. Alioto
Mayor, City and County of San Francisco
San Francisco, Ca. 94102

Dear Mayor Alioto:

We appreciated so much the demonstration held on October 13 by members of the San Francisco Police Department and San Francisco Fire Department at the Shriners Hospital for Crippled Children.

Our youngsters, members of the staff, and visitors alike were truly impressed with the new equipment demonstrated. The fact that some of our children were able to climb aboard and ride about in a fire truck and squad car did lend an amusing and festive air to the proceedings.

Please know how grateful we are for the effort and the time taken by the police officers and firemen in demonstrating their capabilities in the handling of their fine equipment. Our many thanks to you and to all who participated.

Sincerely yours

/s/ Miss Clara Wallace

San Francisco Fire Department

San Francisco, Ca. 94102

Attention: Chief Calden

Gentlemen:

On Saturday, September 28th, in the early evening, your department responded to a fire alarm at our apartment house, 1233 California Street. The firemen who arrived at the scene acted speedily, courteously, and most important, very efficiently. They quickly removed the danger and were kind and helpful in relieving the fears of all tenants. They were as careful as possible in dealing with the fire, which resulted in comparatively small damage.

Our landlady, Mrs. Minerva Pier, has already called you about the good services of these men and we wish we could thank each of them personally, but as this is impossible we do want you, as their superior, to know you should be proud of the San Francisco Fire Department, as we are. Again, thank you.

Very truly yours,

1233 California St. Tenants

Chief Keith P. Calden
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, ,Ca. 94102

Dear Chief Calden:

Last Tuesday, one of the heads of the sprinkler system in the S. E. Onorato Garage in our Temple building, 1111 California Street, was broken. This caused an exceedingly large flow of water which seeped down several floors. The American Academy of Pediatrics was due in the building to hear Arthur Fiedler that evening. Battalion Chief John Smith and crew came to the rescue which made it possible for the garage to function during the evening. We greatly appreciated their efforts and efficiency. We are grateful for the expeditious manner in which they handled a messy situation.

Sincerely,

/s/ George D. Gavin

Honorable President and Members of the Fire Commission

Gentlemen:

Due to fire station locations in San Francisco and Daly City (border lines), there are some locations in both cities that can be reached faster by the Fire Department of the adjoining City.

It is proposed by San Francisco Fire Department and agreed to by Daly City Fire Department that for better service a printed "First Due Assignment" should be made that will designate the nearest fire company as "First Due" regardless of which City the location is in.

I recommend this procedure.

Respectfully submitted,

Dear Engine Company 43,

This is just a short note to thank you for trying to save my husband, though it was too late. You will never know how grateful my children and I are. You are much more than men who put out fires, you are men of much dedication. Your work and efforts to help us in our time of need will never go forgotten. Thank you so very much.

Sincerely,

Dear Sir,

I wish to express a very special thank-you to one of the men on your staff. Saturday afternoon my husband and I brought our two-year old son to see the fire station. The fireman who was there was most gracious and thrilled our son by letting him sit in the truck and see all the equipment. It's nice to know people still have time for little children.

Sincerely,

/s/ Mr. & Mrs. Bell

Chief Keith P. Calden
San Francisco Fire Dept.

Dear Chief Calden:

Recently I visited San Francisco, and I wish to compliment your department on the feeling of assurance they bring to a non-resident. Their performance at the fire on Post Street on October 24th was impressive. Also, may I note the excellence of your Pioneer Museum which I visited on Sunday, October 27th. In particular, may I commend Fmn. Thomas Smith (#1893) for his courtesy and interest in my questions during my stop at the museum's station.

Sincerely,

/s/ Gerald J. Gallagher

Mr. Earl J. Gage, Director

San Francisco Fire Department
San Francisco, California 94102

Dear Mr. Gage:

No words are adequate to express our appreciation to the men in the Fire Department, especially those who visited Guadalupe School recently. Their breathtaking demonstration was not only thrilling to the youngsters but informative as well. Captain Olson and his men were most kind to permit 490 youngsters (a few at a time) to climb on to that gigantic fire truck. This was truly one of the highlights of their visit.

Sincerely,

/s/ Mrs. Marjorie Manko

Dear Sirs:

Last evening we had a slight fire in the chimney of our tenant's flat. They called your department and if seemed like only one or two minutes before your men arrived. Mr. Noack and I want to express our thanks and appreciation for your prompt and efficient action. The men were all very nice and understanding as we were naturally afraid of the possibility of great damage. We just wanted to thank you again.

Dear Chief Calden:

On behalf of myself and the students in my Fifth Grade at Sherman School, I wish to express my appreciation for the very interesting program and training demonstrations that we saw during a student field trip to the Fire Department Training Center on October 30, 1974.

Captain Charles H. Lee and the other members of the Training Staff made the children most welcome and gave them an excellent indoctrination about the functions of the Fire Department and their responsibilities. They also had

an excellently conducted tour of the adjacent Fire Station and were able to see new firemen in very interesting training exercises. I'm sure that the visit will have a beneficial and lasting effect on these young people.

Although I thanked Captain Lee personally, I'm writing this letter to express our appreciation in a more formal manner, and if you concur, would appreciate your passing on our thanks to Captain Lee and his staff.

Sincerely yours,

/s/ Mrs. Marie Benedict

Dear Chief Calden:

May I please commend the units who handled the apartment fire at 665 Geary at 2:49 AM today. They were magnificent! My apartment looks down on the scene of the fire, and I was able to observe the entire performance of your crews - Engine Company 3, 41 and 1. I have spent 30 years in the Navy during which time I have attended many fire-fighting courses. Your crews who handled this fire did all the things I was taught to do - and more. I was impressed with the absence of orders. Each man seemed to know exactly what he should do. My wife and I will sleep better, knowing how effective your team is.

Thank you,

Dear Sir:

Friday night the apt. above me was gutted by fire. I want to commend your fire-laddies highly. They contained the fire to the one apt - and some said such a fire should have burned more than one apt; that it didnt, is due to your fine men - & your water-damage group worked so well in my crowded apt. that not one single article was damaged, wet, or broken. I even found the 2 owls I thought lost, the ceramic one safely tucked next to my pillow to protect it. Believe me, I am deeply grateful.

Dear Mr. Gage:

On behalf of the All Peoples' Coalition of Sunnydale-Visitacion Valley I wish to extend thanks for the participation of the San Francisco Fire Department in our second annual founders' days parade.

The parade was a big success and the Department apparatus was a great part of it. The youngsters of our community were impressed and we hope that as well as enjoying a unique neighborhood event they also will have an increased appreciation of the men and equipment that serve us.

Many thanks again for your contribution.

Sincerely,

/s/ Betty Parshall

American National Red Cross

November 19, 1974

Keith P. Calden, Chief of Department
San Francisco Fire Department
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Chief Calden:

This is just a note to say thank you and to commend the men of two of the units in your Fire Department.

1. Chief Ernest Banchemo, Mr. Nutley and the men at the airport fire units were most cooperative during the planning and execution of AIR MED III Drill, at the airport, Saturday, November 9, 1974. Commissioner Hunt's donation of 20 dozen Donuts were certainly appreciated by those volunteer passengers who arrived at Bldg. #1000 at the airport, 7:30 a.m. to be made up as casualties.

2. Lt. Kelly and the personnel in Fire Investigation, routinely help us in verifying fire loss. Victims come to Red Cross saying they have been burned out, and one of our volunteers had not been present and turned in a fire report. Today, an elderly gentleman called in saying he had been burned out of 789-C Hayes about Monday or Tuesday, November 4 or 5th. When Lt. Kelly said they had no fire report, I went back to the gentleman and he admitted he was confused about the date, the day after the fire he had been beaten and robbed. I called Lt. Kelly back and he spent the time to find the fire was on November 13th. This extra effort is certainly appreciated.

It is difficult to select a few to thank, because all of the men in your department have always been most cooperative with Red Cross, but I wanted to bring these incidents to your attention.

Sincerely,

/s/ Pete Ashen, Director
Disaster Services

San Francisco Fire Dept.

San Francisco, Ca.

As Thanksgiving draws near it is time to give thanks to the San Francisco Fire Dept. The apartment in which I was living (720 Jones) caught fire several times this year. Each time, the firemen were there within minutes. What a fantastic team! No matter how quickly they worked, they retained their compassion and dignity. They should also be commended for their efficiency in handling the chemical spills this week.

With thanks,

/s/ Joan Bisle

- J) In the matter of a Formal Hearing for Fireman John M. Dea and Fireman Mustafa Hamid, Secretary Connors read the following communication:

November 22, 1974

Honorable President and
Members of the Fire Commission

Gentlemen:

Please be advised that the law offices of William J. Murphy become Attorneys of Record in all matters attendant to the proceeding pertaining to the above-entitled matter.

This date, November 22, 1974, upon arriving at the office of your Honorable Commission and conferring with the Secretary of your Honorable Commission, I was presented with a copy of the charges and provided with two portfolios pertaining to the above-entitled matter.

It is abundantly clear to me that in order for proper preparation of the defense of the accused members, that the hearing scheduled for Monday, November 25, 1974, is a date which will not enable me to prepare an adequate defense of the accused.

Wherefore, it is respectfully requested that the hearing scheduled for Monday, November 25, 1974 be continued to a date, time and place convenient to both the accused and the Department.

The conference with the Secretary of your Honorable Commission indicates that December 9, 1974 would be a proper date. If this date is acceptable to your Honorable Commission, same is acceptable to the undersigned.

Respectfully submitted,

785 Market Street, Suite 700
San Francisco, Ca. 94103
392-3765

/s/ William J. Murphy

President Tham stated that the most convenient date for the Formal Hearing for the Fire Commission would be Monday, December 16, 1974. He instructed the Secretary to communicate with William J. Murphy, Esquire to learn if that date was convenient to him.

Present at this meeting were representatives of Local 798, I.A.F.F., were James T. Ferguson, President, James Lee and Frank Minahan, directors.

There being no further business to come before the Commission, the meeting was adjourned at 1012 hours.

The Fire Chief,
San Francisco

Dear Sir:

Last night we had a chimney fire. Your men from the California & Buchanan Street branch answered our call immediately. All the men were pleasant, polite and efficient. They not only did their job quickly but cleaned up after themselves.

My husband and I and our guests who were in the house at the time, felt very grateful for and proud of our San Francisco Fire Department. Please tell them of our appreciation.

Sincerely yours,

/s/ Mrs. Mary Galloway

S. F. Fire Department
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Sir:

Last Sunday morning, 4:30 AM, still another fire at 441 Ellis St. Only this time it apparently originated in the air shaft between my bathroom and my kitchen. I woke up smelling smoke, woke my husband who got up and saw fire behind the pantry and asked me to call the Fire Department. Your men were here in less than 5 minutes. They extinguished the fire with dispatch, but more than this they were exquisitely delicate with my possessions (plants, etc.) reassuring to us and to other tenants, marvelously competent in every way.

My husband and I wish to extend our profound gratitude and deep admiration to your Department for the vital and obviously professional service you all render.

Respectfully,

/s/ Nancy J. Marx

Dear Chief Calden:

First of all, I apologize for not having written to you and your men sooner. But the sincere gratitude and appreciation which we here at St. Joseph's Hospital wish to express has not diminished with time. In fact, our admiration for your Department has grown.

Please extend to the various Companies which responded to our fire alarm on October 28 our heartfelt thanks and appreciation for a job well done.

Whenever we hear the sirens - especially when the men stationed a few blocks from St. Joseph's - respond to a call, the Sister say a little prayer for them, so none of you is forgotten, ever.

Once again, God bless you and keep you safe.

Sincerely,

San Francisco Fire Department

San Francisco, CA 94102

Dear Chief Calden:

Reference is made to our conversation at Lake Merced last Saturday at which time I mentioned the cooperation of the men in your department who responded when the other car involved in an accident with me went out of control and sheared the fire alarm box from its base. The accident took place on November 26 at 8:15 am at the intersection of Washington and Franklin Streets.

Not only did they call the police department, but they assisted me in moving my car from the intersection after having marked the location with chalk for the benefit of the police. In addition to being helpful, they also expressed concern for which I am most grateful.

Respectfully yours,

/s/ Dick Goldman

G) RETIREMENT

Communication received from Retirement Board dated December 5, 1974 indicating that request for retirement from H-2 Fireman Hal M. Quinn was denied.

President Tham directed to file for the record.

H) Formal Hearing in the matter of Firemen Mustafa Hamid and Fireman John Dea for violation of Section 1402-Fireman (Unfamiliarity with Rules & Orders); Section 3905-Unfamiliarity with Rules; Section 3915-Incompetency; Section 3921 - Inaptitude for Duty.

The Formal Hearing began at 10:15 AM. The Secretary asked if Fireman Mustafa Hamid was present so the charges could be read. Mr. William J. Murphy, counsel for Fireman Hamid, informed the Fire Commission that Fireman Hamid is on Sick Leave with Pay and would not be present. The Fire Commission granted Mr. Murphy's request for a continuance.

The Secretary then asked if Fireman John Dea was present, so the charges could be read. Fireman Dea was present and before Secretary Connors could read the charges, Mr. William J. Murphy, counsel for Fireman Dea, rose to make several objections and motions. After the objections and motions were made, the Fire Commission recessed and consulted with Deputy City Attorney Philip Ward. The Fire Commission reconvened and informed Mr. Murphy that the objection concerning the absence of a verified formal complaint was meritorious.

The Fire Commission recessed until 11:30 AM. Upon reconvening, Keith P. Calden, Chief of Department handed Rudy Tham, President of the Fire Commission, a verified Formal Complaint signed by Leo Olson, Assistant Chief, Division 3, as well as a Formal Complaint signed by Keith P. Calden, Chief of Department and dated December 16, 1974.

The Secretary read Chief Calden's letter into the record. Copies of Chief Olson's verified Formal Complaint and Chief Calden's Formal Complaint were handed to Fireman John Dea, William J. Murphy, counsel and Deputy Chief Joseph P. Daly. Mr. Murphy agreed to waive the Preliminary Hearing and the reading of the charges. The Formal Hearing in the matter of John Dea will be held during the week of January 6, 1975. (A verbatim transcript of the hearing is being made by a Certified Short-hand Reporter).

The meeting of the Fire Commission adjourned at 11:50 AM.

Keith P. Calden, Chief of Dept.
S. F. Fire Department
260 Golden Gate Avenue
San Francisco, Ca. 94102

Dear Sir:

I would like to thank the San Francisco Fire Department members who participated in the San Francisco 49'ers Half Time Show on December 8, 1974. Through the efforts of these men, an entertaining and exciting fifteen (15) minutes was produced.

I wish to extend my thanks to the members of Engine Co. 42, Truck Co. 8, Truck Co. 16, to the drivers of the special apparatus and of course the announcer John Vick. I realize that the project I had undertaken would not have been nearly as successful without their assistance.

Thanking you for your cooperation, I remain

Sincerely,

D. L. GLAZE COMPANY
1390 Market Street

December 17, 1974

Chief
San Francisco Fire Dept.
260 Golden Gate Ave.
San Francisco, Ca.

Dear Chief Calden:

As an independent adjuster employed by D. L. Glaze Company, 1390 Market Street, Suite 705, San Francisco representing Industrial Indemnity Insurance Company, insurance carriers for the apartment building located at 1070 Green Street, we wish to commend the San Francisco Fire Department for a job well done in extinguishing a fire which could have been extremely serious.

Our principal insures the building known as Green Hill Tower and wish to extend their appreciation for the manner in which a most difficult fire in a high-rise building was handled by the men in your department. We especially wish to convey our commendations to Bat. Chief Joe Scannell, Fireman James R. Cavallini, Lawrence Murray and Lt. William Cochrane. Unfortunately, these are the only names of specific men in your department known to us, but certainly this letter of appreciation extends to all of the men involved in this two alarm fire.

Our thanks to Inspectors Ernie Capper and Richard Crispen from the Bureau of Fire Investigation for the most courteous and efficient way in which they investigated this fire as to its cause and origin.

Very truly yours,

/s/ W. S. McMahon

December 14, 1974

Dear Fire Chief Calden,

My husband had a fatal heart attack on November 29th, of this year. We called the Fire Department, asked that the Paramedics come, and told over the phone that it was a heart attack.

Almost immediately I could hear the sirens and knew that they were on their way. Their speed and efficiency was a marvel, and though he didn't pull through - due to an already weakened heart, I think - I have the comfort of knowing that he had immediate and expert care. I wanted you, and your men, to know that their efforts were greatly appreciated-and, I'm sure, rewarded with saving many other lives. Thank you all and God Bless You --

Yours truly,

/s/ Luci Dewar (Mrs. Leslie)

P.S. I am also writing a note to the men at Station #16, on Greenwich Street who answered my call.

Dec. 14, 1974

Dear Sir:

This short note is to thank the firemen who participated in extinguishing the fire at 845 Bush on December 13th at 2:54 AM. All who were there did an outstanding job in dealing with what you might think was a minor fire but to the occupants of the building, something incredibly frightening. Special thanks must go to the engine company who first got there, No. 41. Not only did they arrive there in what seemed only seconds, these men also put out the fire in equal time, not allowing it to spread and do further damage. To quote a young lady who lives in the building "When they arrived, I don't think I ever saw a group of more handsome men before in my life". I'm sure the sentiment speaks for itself. Even commendable was the clean-up work done after the fire was put out.

After what happened here in the building, I never really had more respect for the swift and severe damage fire can cause and appreciation for the fireman who has the dangerous and difficult task of putting the fire out. I think thanks should go to all areas of the San Francisco Fire Department, many of whom are unseen but contribute so much to putting out fires like the one in this building. A thousand thanks and have the Merriest of Christmases and the Happiest of New Years.

Sincerely,

/s/ Charles Schoellenbach
